Rashan Jibowu

Dear Mr. Jibowu:

After preliminary review of the personal information provided, KeyBank has a strong interest in continuing forward in the next steps toward financing your purchase of a business. Based on an informal review of the information provided, you appear able to support a project size of up to $3.5 million. This is not a commitment to lend and should not be construed as such. Any commitment to lend would be dependent on a full and formal review of a complete package for you and the business to be acquired. In addition, if approved by Key Bank, it would be subject to the further approval by the U.S. Small Business Administration and any conditions thereof.

I look forward to continuing with you in this process.

If you have any further questions, please feel free to contact me at 206-972-6350 or mike._cross@keybank.com.

Regards,

Mike Cross
Sr. Business Banking Relationship Manager
Assistant Vice President
