Pricing

This section includes the net market value of the securities in your account on a trade date basis, including short positions, at the close of the statement period. The market prices, unless otherwise noted, have been obtained from independent vendor services, which we believe to be reliable. In some cases the pricing vendor may provide prices quoted by a single broker or market maker. Market prices do not constitute a bid or an offer, and may differ from the actual sale price. Securities for which a price is not available are marked "N/A" and are omitted from the Total.
THE AS OF PRICE DATE ONLY APPEARS WHEN THE PRICE DATE DOES NOT EQUAL THE STATEMENT DATE.

Estimated Annual Figures

The estimated annual income (EAI) and estimated annual yield (EAY) figures are estimates and for informational purposes only. These figures are not considered to be a forecast or guarantee of future results. These figures are computed using information from providers believed to be reliable; however, no assurance can be made as to the accuracy. Since interest and dividend rates are subject to change at any time, and may be affected by current and future economic, political, and business conditions, they should not be relied on for making investment, trading, or tax decisions. These figures assume that the position quantities, interest and dividend rates, and prices remain constant. A capital gain or return of principal may be included in the figures for certain securities, thereby overstating them. Refer to www.bny.com/pershing/us/en/disclosures.html for specific details as to formulas used to calculate the figures. Accrued interest represents interest earned but not yet received.

Reinvestment

The dollar amount of Mutual Fund distributions, Money Market Fund dividend income, Bank Deposit interest income, or dividends for other securities shown on your statement may have been reinvested. You will not receive confirmation of these reinvestments. Upon written request to your financial institution, information pertaining to these transactions,

including the time of execution and the name of the person from whom your security was purchased, may be obtained. In dividend reinvestment transactions, Pershing acts as your agent and receives payment for order flow.

Option Disclosure

Information with respect to commissions and other charges incurred in connection with the execution of option transactions has been included in confirmations previously furnished to you. A summary of this information is available to you promptly upon your written request directed to your introducing firm. In order to assist your introducing firm in maintaining current background and financial information concerning your option accounts, please promptly advise them in writing of any material change in your investment objectives or financial situation. Expiring options which are valuable are exercised automatically pursuant to the exercise by exception procedure of the Options Clearing Corporation. Additional information regarding this procedure is available upon written request to your introducing firm.

Foreign Currency Transactions

Pershing will execute foreign currency transactions as principal for your account. Pershing may automatically convert foreign currency to or from U.S. dollars for dividends and similar corporate action transactions unless you instruct your financial organization otherwise. Pershing's currency conversion rate will not exceed the highest interbank conversion rate identified from customary banking sources on the conversion date or the prior business day, increased by up to 1%, unless a particular rate is required by applicable law. Your financial organization may also increase the currency conversion rate. This conversion rate may differ from rates in effect on the date you executed a transaction, incurred a charge, or received a credit. Transactions converted by agents (such as depositories) will be billed at the rates such agents use.

Proxy Vote

Securities not fully paid for in your margin account may be lent by Pershing to itself or others in accordance with the terms outlined in the Margin Agreement. The right to vote your shares held on margin may be reduced by the amount of shares on loan. The Proxy Voting Instruction Form sent to you may reflect a smaller number of shares entitled to vote than the number of shares in your margin account.

Variable Rate Securities

Interest rate data for certain complex and/or variable rate securities is provided to Pershing by third-party data service providers pursuant to contractual arrangements. Although we seek to use reliable sources of information, the accuracy, reliability, timeliness, and completeness of interest rate data may vary sometimes, particularly for complex and/or variable rate securities and those with limited or no secondary market. As a result, we can offer no assurance as to the accuracy, reliability, timeliness, or completeness of interest rate data for such securities. Pershing may also occasionally make interest rate updates and adjustments based on its reasonable efforts to obtain accurate, reliable, timely, and/or complete interest rate data from other data sources, but we can similarly provide no assurance that those rates or adjustments will be accurate, reliable, timely, or complete.

When updated interest rate data is received from a third-party data service provider or adjusted by Pershing, the updated data will be reflected in various sources where interest rate data is used or viewed, including both paper and electronic communications and data sources. Prior use or communication of interest rate-related data will not be revised. Since variable interest rates may be subject to change at any time and are only as accurate as the data received from third-party data service providers or otherwise obtained by Pershing, interest rate data should not be relied on for making investment, trading, or tax decisions. All interest rate data and other information derived from and/or calculated using interest rates are not warranted as to accuracy, reliability, timeliness, or completeness and are subject to change without notice. Pershing disclaims any responsibility or liability to the fullest extent permitted by applicable law for any loss or damage arising from any reliance on or use of the interest rate data or other information derived from and/or calculated using interest rates in any way. You should request a current valuation for your securities from your financial adviser or broker prior to making a financial decision or placing an order or requesting a transaction in these securities.

Structured Products

Structured products in this section are complex products and may be subject to special risks, which may include, but are not limited to: loss of initial investment; issuer credit risk; limited or no appreciation; risks associated with the underlying reference asset(s); no periodic payments; call prior to maturity (a redemption could affect the yield represented); early redemption fees or other applicable fees; price volatility resulting from issuer's and/or guarantor's credit quality; lower interest rates and/or yield compared to conventional debt with a comparable maturity; unique tax implications; concentration risk of owning the related security; limited or no secondary market; restrictions on transferability; conflicts of interest; and limits on participation in appreciation of underlying asset(s). To review a complete list of risks, please refer to the offering documents for the structured product. For more information about the risks specific to your structured products, you should contact your financial institution or advisor. Certain structured products are designed to make periodic distributions to you and any such structured product distributions you receive will be listed in the Transactions section of your statement. Structured product distributions may be

The Bank Deposit Sweep Product (Product) itself is NOT FDIC-insured. Rather, through the Product, the available balance in your Account is swept into deposit accounts at various participating banks, which are all FDIC member insured depository institutions (IDIs). Those balances held at the participating IDIs are eligible for pass-through FDIC insurance coverage up to the current maximum deposit insurance amount of $250,000 per eligible depositor at each IDI, for each eligible category of ownership or capacity, pursuant to FDIC regulations and subject to certain conditions. Balances in Bank Deposit Sweep Products are not considered securities and are not eligible for coverage by the Securities Investor Protection Corporation (SIPC). Please review the product disclosure for more detailed information on the application of FDIC insurance coverage on your Product balance.

Messages

Although a money market mutual fund (money fund) seeks to preserve the value of your investment at $1 per share, it is possible to lose money by investing in a money fund. Shares of a money fund or the balance of a bank deposit product held in your brokerage account may be liquidated upon request with the proceeds credited to your brokerage account. Please see the money fund's prospectus or the bank deposit product's disclosure document or contact your advisor for additional information. Pursuant to SEC Rule 10b-10(b)(1) confirmations are not sent for purchases into money funds processed on the sweep platform. Pursuant to applicable regulation, account statements will be produced monthly or quarterly. Federal Deposit Insurance Corporation (FDIC) eligible bank deposit sweep products automatically deposit any available cash into FDIC member banks where those balances are eligible for pass through FDIC insurance coverage on swept balances. Balances in FDIC member banks in bank deposit sweep products are not protected by Securities Investor Protection Corporation (SIPC).

THE BANK DEPOSIT SWEEP PRODUCT USED IN YOUR ACCOUNT AUTOMATICALLY DEPOSITS ANY AVAILABLE CASH BALANCE INTO FEDERAL DEPOSIT INSURANCE CORPORATION (FDIC) MEMBER BANKS WHERE THOSE BALANCES ARE ELIGIBLE FOR PASS THROUGH FDIC INSURANCE COVERAGE ON SWEPT BALANCES. BALANCES HELD IN FDIC MEMBER PARTICIPATING BANKS IN BANK DEPOSIT SWEEP PRODUCTS ARE NOT PROTECTED BY SECURITIES INVESTOR PROTECTION CORPORATION (SIPC). WITH REGARD TO PRODUCTS THAT MAY BE AVAILABLE AS SWEEP OPTIONS, YOU MAY VIEW CURRENT YIELDS ON CERTAIN MONEY MARKET FUNDS AND FDIC ELIGIBLE BANK DEPOSIT SWEEP PRODUCTS AS WELL AS CURRENT BANK LISTS BY VISITING https://www.bny.com/pershing/us/en/rates.html. PLEASE NOTE THAT WE MAY NOT OFFER ALL OF THE SWEEP OPTIONS LISTED ON THE PERSHING WEBSITE AND THE BANKS PARTICIPATING IN THESE PRODUCTS ARE SUBJECT TO CHANGE. YOUR STATEMENT WILL SHOW THE SPECIFIC BANKS TO WHICH YOUR SWEEP BALANCE HAS BEEN ALLOCATED. WE WILL ATTEMPT TO PROVIDE YOU WITH ADVANCE NOTICE OF CHANGES TO PARTICIPATING BANKS WHEN PRACTICABLE VIA A MESSAGE ON YOUR STATEMENT. THE WEBSITE WILL ALWAYS CONTAIN THE MOST CURRENT BANK LISTS.
